My dear friend Teymur MALIKOV. It's a long that we had no news from each other despite passing a lot of our life. As long as your brother, the Late Mehdi, was alive we were indirectly informed of you and your family. I take the advantage of opportunity to write you and share you some information and am sending this letter at the request of our common friend, Mr. Gholipour. I tool all steps in favor of my friend, late Mehdi, as far as I could and carried out the legal formalities. I would like to have a contact with you and share the process with you to find a way for submission an application for decree of heirship. Recently two of your relatives came here and convinced the wife of your brother to join them and apply for decree of heirship in their own name. You would have no share of the estates of the decedent if they successfully implement their plan. I objected the case immediately after becoming aware of their plan and reported to the relevant authorities about other heirs of the decedent including you, Ali Akbar, your sister and his wife. Later, I became aware of death of late Ali Akbar but have no idea how to resolve the case before the authorities. The work is upon you to resolve this problem and take the decree of heirship in your own name as real heir of your brother as well as in the name of his wife.

All the heirs have to apply for decree of heirship and their signature shall be legalized by Iran's political mission in that country. After receiving the legalized document, please send it to me. Also the witnesses shall confirm the facts. After receiving such documents, I'll finalize all the remaining formalities here and will receive the decree of heirship and send them to you. The foregoing documents shall be sent via official channels and by means of the Ministry of Foreign Affairs or other similar channels. Mr. Gholipour and me will carry out all the remaining formalities here. Please let us know about your decision. I became very happy for the opportunity I found to write a letter to you and hope to hear from you soon.

May God bless you.

Thanks and best regards

Abbas JAHANI
